

Terms of Use and Graphic Standards *Step Up to Stop Falls*™ Logo

The logo may be used by coalitions participating in the regional falls prevention effort to support their local work. The logo can not be modified.

The logo is designed to be printed in black and PMS 186 red. When two color-printing is not feasible, the logo may be printed in black or reversed in white on a red background.

The photos and graphic design used in the tool kit are preferred for design but not required for local applications.
